

2006/2007 Highway Bridge Program

This report includes projects that should be line item projects in the FSTIP.

3/23/2006, 5:59:04 PM

Special Notes:

- 1) The purpose of this list is to show which projects being advanced by local agencies have met the eligibility requirements of the federal Highway Bridge Program and have been prioritized for funding by the Department in cooperation with local agencies for funding within the 2006/09 FSTIP.
- 2) "Programmed funds" mean that funds are budgeted for projects. Budgeted funds are subject to annual appropriations from the Federal Government. The programmed funds are based on rough estimates provided by local agencies. Guaranteed funding levels are determined at time of federal authorization and obligation for given phase of work.

For details see Chapter 3 of the Local Assistance Procedures Manual.

- 3) For FSTIP purposes, HBP funding constraint is managed by Caltrans. Financial constraint of matching funds is the responsibility of the MPOs and their local agencies.
- 4) Some projects show that they are programmed using STP funds. These funds are HBP funds transferred to the STP for bridge work that is not ordinarily eligible for HBP funds. See the HB Program Guidelines for details. Do not confuse these STP funds with Regional STP funds.
